

Capability List for Powerplant

¹ Manufacturer Nomenclature	² Make	³ Model	⁴ Limitation	⁵ Date
See Make and Model	CFM International	CFM Leap-1A	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	03/17/2021
See Make and Model	CFM International	CFM Leap-1B	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	01/10/2019
See Make and Model	CFM International	CFM56-3 Series	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	01/10/2019
See Make and Model	CFM International	CFM56-5 Series	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	12/07/2022

Capability List for Powerplant

¹ Manufacturer Nomenclature	² Make	³ Model	⁴ Limitation	⁵ Date
See Make and Model	CFM International	CFM56-7 Series	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	11/27/2018
See Make and Model	General Electric	CF34-3B1	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	10/27/2020
See Make and Model	General Electric	CF34-8E	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	04/15/2021
See Make and Model	General Electric	CF34-10E	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	02/06/23

Capability List for Powerplant

¹ Manufacturer Nomenclature	² Make	³ Model	⁴ Limitation	⁵ Date
See Make and Model	General Electric	CF6-80C2B6	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	01/10/2019
See Make and Model	General Electric	CF6-80E1A4 Series	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	12/18/2018
See Make and Model	General Electric	GE90	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	10/20/2021
See Make and Model	General Electric	GENx-1B7	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	05/27/2021
See Make and Model	General Electric	GENx-2B67		05/20/2025

Capability List for Powerplant

¹ Manufacturer Nomenclature	² Make	³ Model	⁴ Limitation	⁵ Date
See Make and Model	Honeywell	HTF7250G turbofan engine	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	07/23/2025
See Make and Model	International Aero Engines (IAE)	V2527-A5	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	06/23/2025
See Make and Model	International Aero Engines (IAE)	V2527M-A5	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	12/07/2022
See Make and Model	Pratt & Whitney	JT8D	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	03/17/2022

Capability List for Powerplant

¹ Manufacturer Nomenclature	² Make	³ Model	⁴ Limitation	⁵ Date
See Make and Model	Pratt & Whitney	JT9D-7A	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	01/10/2019
See Make and Model	Pratt & Whitney	PW4060 Series	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	12/18/2018
See Make and Model	Rolls-Royce	BR710 C4-11	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	02/02/2022
See Make and Model	Rolls-Royce	RB211	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	03/19/2019

Capability List for Powerplant

¹ Manufacturer Nomenclature	² Make	³ Model	⁴ Limitation	⁵ Date
See Make and Model	Rolls-Royce	Tay 611-8	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	06/30/2023
See Make and Model	Rolls-Royce	Trent 553-61	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	06/23/2025
See Make and Model	Rolls-Royce	Trent 553A2-61	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	01/10/2019
See Make and Model	Rolls-Royce	Trent 700 Series	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	04/28/2025

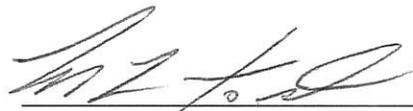

Capability List for Powerplant

¹ Manufacturer Nomenclature	² Make	³ Model	⁴ Limitation	⁵ Date
See Make and Model	Rolls-Royce	Trent 800 Series	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	09/12/2019
See Make and Model	Rolls-Royce	Trent 1000 Series	Powerplant authorization limited to inspection, removal and/or installation of accessories and components, adjustments, minor repairs, Borescope, and alterations, but excludes overhaul, disassembly, or separation of the Powerplant case or turbine engine module and excludes hot section inspections where disassembly or separation of the turbine engine module is concerned.	09/23/2022
